

GHOST TOWNS OF STEPHENSON COUNTY

THE HISTORY OF FORGOTTEN RURAL COMMUNITIES DURING THEIR FIRST 100 YEARS

This 300-page book chronicles the history of over 75 communities that once existed in our county. Some were just map towns, some are long gone, and some are greatly reduced from what they once were. The book contains over 550 historic photos, maps, and other illustrations that help tell the stories. All proceeds benefit the SCHS Museum.
